

HELPLESS (THE SONG OF THE UNBORN)

I never even had the chance
A chance to see the light of day
Cause even before I was born
My life was taken all away

No one rose to my defense
None came running to my aid
No one heard my silent scream
When I met an early grave

(Chorus) Helpless
Can you hear me?
Helpless
Won't you help me?

Who will come and plead my case
Who will stand up for my cause
The Lord is just He will repay
His enemy will surely fall

Reaching for my destiny
I was fashioned in the womb
But the place where I was meant to grow
Suddenly became my tomb

(Chorus) Helpless
Can you hear me?
Helpless
Won't you help me?
Helpless
There are others
They're my sisters
And my brothers

I am the unborn...
I am the unborn...

(Bridge) Purpose / You know I have a purpose
Why are you killing me?
Calling / You know I have a calling
Don't steal my destiny

(Chorus) Helpless
Can you hear me?
Helpless
Won't you help me?

(Outro) I am the unborn...
I am the unborn...
